TROCAL 76.

Weather seal. AddOn aluminium compound sash.

Better design and comfort.

» TROCAL 76 AddOn aluminium compound sash.

With TROCAL 76 you can design a living environment that ideally reflects your personal preferences. The modern TROCAL 76 PVC-U window satisfies all requirements of design, function, construction physics and insulation, and it is also eco-friendly and durable. Discover the advantages of TROCAL 76. The AddOn aluminium compound sash ideally combines the materials of PVC-U and aluminium.

TROCAL 76. Window and door systems with 76 mm construction depth.

■ Shutter and sunshade system.

The AddOn aluminium compound sash features an optional shutter system and sunshade between the panes where it is optimally protected from the weather.

■ Improved thermal and sound insulation values.

As a result of its additional pane, TROCAL 76 AddOn delivers enhanced thermal and sound insulation values, thereby improving quality of life and sustainably reducing energy costs and CO₂ emissions.

■ Diversity of design.

The AddOn version provides you with a practically unlimited choice of colour schemes and designs, including elegant eloxal and powder coatings.

■ Easy care and durable.

The aluminium compound sash delivers optimum weather protection, excellent stability and is extremely easy to care for.
